Virginia Tech ETD Fair Use Analysis Results

This is not a replacement for professional legal advice but an effort to assist you in making a sound decision.

Name: Troy Holley

Description of item under review for fair use: Figure 2-13. Diagram of the Brush model, with the tire rotating counterclockwise, or rolling to the left. Source: J. Lacombe, "Tire Model for Simulations of Vehicle Motion on High and Low Friction Road Surfaces," in 2000 Winter Simulation Conference, Orlando, Florida, 2006.

Based on the information you provided:

Factor 1

Your consideration of the purpose and character of your use of the copyright work weighs: in favor of fair use

Factor 2

Your consideration of the nature of the copyrighted work you used weighs: in favor of fair use

Factor 3

Your consideration of the amount and substantiality of your use of the copyrighted work weighs: in favor of fair use

Factor 4

Your consideration of the effect or potential effect on the market after your use of the copyrighted work weighs: in favor of fair use

Based on the information you provided, your use of the copyrighted work weighs: in favor of fair use
