*LIST OF ILLUSTRATIONS*

All the great villainies of history, from the murder of Abel onward, have been perpetrated by sober men, and chiefly by teetotallers. But all the charming and beautiful things, from the Song of Songs to bouillabaisse, and from the nine Beethoven symphonies to the Martini cocktail, have been given to humanity by men who, when the hour came, turned from tap water to something with color to it, and more in it than mere oxygen and hydrogen.
