SkillSoft Web-based Training

SkillSoft offers a comprehensive library of web-delivered, self-directed learning courses and performance support tools, addressing a vast range of professional development and business skills.

**SkillSoft Course Library**
SkillSoft offers over 300 e-Learning courses and over 750 online job aids.

SkillSoft’s Course Library consists of the following Subject areas:

<table>
<thead>
<tr>
<th>Subject Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>Professional Development</td>

<tr>
<td>Management</td>
</tr>
<tr>
<td>Operations</td>
</tr>
<tr>
<td>Human Resources</td>
</tr>
<tr>
<td>Knowledge</td>
</tr>
<tr>
<td>Strategic Planning</td>
</tr>
</tbody>
</table>
**College Accreditation**
The University of Phoenix and Strayer University have approved most SkillSoft courses for bachelor’s degree credit. George Mason University awards Certificates in Continuing Education to learners who successfully complete SkillSoft’s courses.

**Professional Certification**
SkillSoft is a registered education provider of the Project Management Institute approved to provide web-based, self-directed courses for the purpose of preparing candidates for PMP Certification. SkillSoft courses have been approved by NASBA (National Association of State Boards of Accountancy) for CPA’s to receive credit toward their 40-hour CPE requirement.

**Mastery-focused Learning**
SkillSoft courses assure mastery by providing both preassessment and mastery assessments. SkillSoft’s assessment methodology is based on having performance objectives mapped to each question. Every time a learner takes an assessment, the questions are randomized on three levels to ensure a unique assessment experience.

**Accelerated Path™**
A key feature in all SkillSoft courses is the Accelerated Path feature. This feature lets learners “test out” of topics in which they are able to demonstrate proficiency. Based on a learner’s assessment results, SkillSoft courses will then create an individualized learning path through the content based on what the learner doesn’t already know.

**Online Job Aids**
SkillSoft provides a repository of hundreds of online job aids to supplement the library of courseware. These forms, templates, and checklists aid the learner in the practical application of the skill and increase the impact of learning on the job.

**Instructional Design**
SkillSoft’s instructional design draws heavily from adult learning theory with its emphasis on motivation, relevance, self-management, problem solving, and experimental learning. Learners remain actively engaged through frequent interactivity, practice, feedback and reinforcement. Key concepts and skills are taught through increasingly complex examples, case studies, and Role-Play™ simulations. Optional audio narration involves more of the learner’s senses. Photo quality visuals provide effective modeling and better retention. Consistent navigation and book marking features mean learners can move easily in and out of courses based on their schedule and needs.

**Access to SkillSoft Courses**
SkillSoft courses are available to all LIWA personnel. Contact Training Branch for details.
