Dear Professors Watson and Clark:  

I am completing a doctoral dissertation at Virginia Tech. entitled "The Influence of Emotion on the Risk Perception and Situation Awareness of Clinicians." I would like to re-confirm your email permission on 02/07/2009 to use your PANAS-X questionnaire in my dissertation research:  

The requested permission extends to any future revisions and editions of my dissertation, including non-exclusive world rights in all languages, and to the prospective publication of my dissertation by UMI Company, but does not include reproduction of the PANAS-X measure itself. These rights will in no way restrict republication of the material in any other form by you or by others authorized by you. Your signing of this letter will also confirm that you own [or your company owns] the copyright to the above-described material.  

If these arrangements meet with your approval, please sign this letter where indicated below and return it to me. Thank you very much.  

Sincerely,  

William Lee  

PERMISSION GRANTED FOR THE USE REQUESTED ABOVE:
