Bridging between the Contemporary and the Vernacular Architecture

By
Omeima Khidir

Thesis submitted to the faculty of the
Virginia Polytechnic Institute and State University
in partial fulfillment of requirements for the degree of

Master of Architecture

“Architecture is the physical mirror of the socio-economic, cultural and technological reality of a society.”

James Steele
In the name of Allah, Most Gracious, Most Merciful.

“Praise be to Allah, the Cherisher and Sustainer of the worlds; Most Gracious, Most Merciful; Master of the day of judgment. You do we worship, and Your aid do we seek. Show us the straight way. The way of those on whom You have bestowed Your Grace, those whose (portion) is not wrath, and who do not go astray.”

Holy Qur’an, sura 1.
