Tammy:
Yes, you have permission. In addition, I hope you also are referencing the VTCAC & SP and the recent work done on campus in the residence halls (e.g., Green Team, Eco-Olympics, etc.).

Good luck,
John Randolph

Dr Randolph

My name is Tammy Parece and I am a masters student in Geography and my research and thesis is:
MANAGING WATER AND ELECTRICITY CONSUMPTION IN UNIVERSITY RESIDENCE HALLS: A STUDY ON PROMOTING VOLUNTARY RESOURCE CONSERVATION BY COLLEGE STUDENTS

My mentor, Dr Younos, provided me with a copy of your report:
Blacksburg Energy and Greenhouse Gas Emmissions Study: Report to the mayor's task force on sustainability and climate change, Sustainable Blacksburg steering committee and Virginia Tech Committee on Energy and Sustainability

I am in the process of writing my thesis and am asking for your permission to use the piechart (Figure 2.1 - Energy Use by Sector 2006) on page 6 of your report in the Introduction Chapter to my thesis. I will, of course, appropriately reference your study and report.

Thank you

Tammy Parece
