Dear Robert Neal,

We hereby grant you permission to reprint the material detailed below at no charge in your thesis subject to the following conditions:

1. If any part of the material to be used (for example, figures) has appeared in our publication with credit or acknowledgement to another source, permission must also be sought from that source. If such permission is not obtained then that material may not be included in your publication/copies.

2. Suitable acknowledgment to the source must be made, either as a footnote or in a reference list at the end of your publication, as follows:

   “This article was published in Publication title, Vol number, Author(s), Title of article, Page Nos, Copyright Elsevier (or appropriate Society name) (Year).”

3. Your thesis may be submitted to your institution in either print or electronic form.

4. Reproduction of this material is confined to the purpose for which permission is hereby given.

5. This permission is granted for non-exclusive world English rights only. For other languages please reapply separately for each one required. Permission excludes use in an electronic form. Should you have a specific electronic project in mind please reapply for permission.

6. This includes permission for UMI to supply single copies, on demand, of the complete thesis. Should your thesis be published commercially, please reapply for permission.

Kind regards,

Sam Mahfoudh

TitleRequested: Electroporation therapy
Edition:
Copyright: 2011?
GradeLevel:
Volume: Physical Medicine and Rehabilitation: Principles and Applications
Number: Physics-stimulated and intelligent therapies
ISBN:
Author: Chris B. Arena, Robert E Neal II, Rafael V Davalos; editor = Luwei Zhou
EHSDivision: W.B. Saunders
MaterialDescription: The requested permissions are for a book chapter that has been submitted, in which I co-authored. It is the "Electroporation Therapy" chapter in the "Physics-stimulated and intelligent therapies" part of the volume "Physical Medicine and Rehabilitation: Principles and Applications". I would like to reuse some of the text and figures from the 3rd section, "Clinical Procedures and Results of Electroporation Based Therapies".
Whatfor: The material will be used, with credit given to the chapter, as part of a chapter in my final PhD dissertation.
